Students with disabilities shall be reasonably accommodated pursuant to federal and state requirements in all applicable programs in the District.

The Disabled Student Programs and Services (DSPS) program shall be the primary provider for academic adjustments, auxiliary aids, services, or instruction that facilitate equal educational opportunities for disabled students who can benefit from instruction as required by federal and state laws.

DSPS services shall be available to students with verified disabilities. The services to be provided include, but are not limited to, reasonable accommodations, academic adjustments, technology accessibility, accessible facilities, equipment, instructional programs, rehabilitation counseling and academic counseling.

Participation in DSPS is entirely voluntary and, as such, it is the student's responsibility to identify as an individual with a disability, to request accommodations and/or support services, and to seek information, counsel, or assistance as desired.

The District shall respond in a timely manner to accommodation requests involving academic adjustments. The Chancellor shall establish administrative procedures to implement this policy which, at a minimum, provides for an individualized review of each such request, and permits interim decisions on such requests pending final resolution by the appropriate administrator or designee.

The Chancellor shall assure that the DSPS program conforms to all requirements established by the relevant law and regulations.
