Reviewed SLOC section in Planning and Governance Manual with the committee. No changes, but needed members to fill are CSEA and Student representatives.

- c. Assessments

Amber reports that assessments have been pushed out. The only assessments required this semester are ones scheduled to be assessed this semester. She will send out an excel file with that information in the event a faculty member or someone in their area reaches out and has questions. She reports that there will be Illumination Days at Innovate. This year, innovate will look different, there will be zoom rooms to choose from and time can also be used to complete assessments. Amber will be working with Reyna, the new rep, to develop consistent more concise lists of steps and video resources.

She also informed all in attendance that assessments are sitting in the faculty's iLumen boxes waiting to be completed.

Amber will be on the upcoming Nestflix, she will be explain assignments versus assessments and ensuring faculty understands how to assess the course.

Amber reminds committee to talk to their learning areas about assessments and to submit as much data as possible.
