

Innovate 2020 @ West Hills College Lemoore

Overview

West Hills College Lemoore hosted the 6th annual Innovate Summer Institute for Faculty on June 1st through June 5th utilizing a virtual platform with a focus on best practices and innovative solutions to teaching remotely and teaching online. The event was designed and co-hosted by James Preston (VP of Educational Services), Jacqui Shehorn (English/Humanities Faculty), and Amber Tidwell (GED/English Faculty) and funded by Guided Pathways.

Bryon Spicci- Biology Faculty- PlayPosit- <https://tinyurl.com/ydghexnd>

Vera Kennedy- Sociology Faculty- Top 5- <https://tinyurl.com/yddtlu4z>

The ABCs of Innovate

Attendance- please keep your camera on and practice Zoom etiquette. Your host for each session will be taking attendance so please be on time and be sure to follow their directions. An evaluation will be deployed at the end of the week where you will be asked to rate your sessions you attended and also ask you to do a 5 minutes micro-lecture to demonstrate one effective strategy, tool, or concept that you learned during Innovate Week. Your stipend for the week will be based on sessions attended and completion of the evaluation form.

Be innovative, be flexible, be creative, be human, be patient, and be awesome!

Communication and connection- Meeting invites will be sent out each day as a way for us to gauge approximate numbers for sessions so please accept or decline. Please attend all kickoff sessions so you can know the plan for each day and get key updates. Please check e-mail daily for any Innovate updates and information! In the words of Amber Tidwell, "The better we learn to connect with each other during this time of disconnection, the better it will be for our students when we attempt to connect with them! And small connections seem to matter the most at the moment."

Daily schedule

Engage!
